

Production Management Training

Elevate your leadership with our Production Management Training Series - a dynamic, hands-on program crafted to empower managers with the skills to enhance team performance, build accountability, and champion a Lean-focused culture. Participants will gain actionable strategies for problem solving, coaching, budgeting, and operational leadership, leaving ready to create measurable improvements and inspire their teams to achieve excellence. Strengthen leadership, drive operational excellence, and build a culture of continuous improvement through this comprehensive training program.

This program will consist of 6 essential classes and will be delivered in 4 hour increments, **every Monday*, February 2nd - March 9th, 2026**. The topics are listed below with a course description and class dates on the following page.

- Session 1: Production Operations Leadership (February 2nd)
- Session 2: Creating a Culture of Accountability (February 9th)
- Session 3: Lean Tools for Managers (February 17th - ***Tuesday**)
- Session 4: Problem Solving for Managers (February 23rd)
- Session 5: Departmental Budgeting (March 2nd)
- Session 6: Coaching for Performance (March 9th)

Who Should Attend:

Recently promoted employees who are leading others (new line or cell leads, supervisors, engineers) or anyone aspiring to move into a leadership role in the future.
